

Tour Activity: The Guest Wing

Tom and Olive built their home with the guest experience in mind. The two bedrooms have private bathrooms and would've been furnished with all of the amenities a guest could want from toiletries to books and stationery. Likely Tom and Olive would've only hosted their closest friends and family. We understand that Olive's brothers were frequent guests as well as photographer, George Perry.

Did you know?

From the Green Room you not only have views of Lake Winnepesaukee but also Squam Lake and the Ossipee Mountain Range.

What are somethings you do to make guests feel welcome and special?
