1) How easy or hard was it to create this business plan and why?

2) What, if anything, was missing from the business plan? Explain your answer.

3) As you implemented the business plan, what did you find that needed to change or was no longer relevant? Explain your answer.

4) If you could start this process over, what would you change and why, knowing how everything turned out?

5) How did you work within your group? Did group dynamics make it easier or harder to complete and implement the business plan. How so?

6) What part of this project was the hardest and why?

7) What part of this project was the easiest and why?

8) Having done this, would you feel confident creating your own business plan in the future? Explain your answer.
